Upper Merion Township's incorporation dates to 1713 when the King of Prussia Inn, the Bird-In-Hand Inn in Gulph Mills, and later the Swedes Ford Inn were required to pay 6 shillings to the Legislature for licenses. The King of Prussia Inn, built in 1719, captures the historical flavor of the township. It was named by a Prussian immigrant in honor of Frederick the Great, but became known during the Revolutionary War as a center of food and drink. An alternate story says the Inn, first called Berry’s Tavern, got its name to lure in Prussian mercenaries who spent freely.

Upper Merion Township is a township of the second class under Pennsylvania state statutes. A five-member Board of Supervisors, elected at large for staggered six-year terms, governs it. The Board passes legislation and sets overall policy for the Township. A professional township manager runs the day-to-day operations overseeing the activities of 250 full and part-time employees.

PUBLIC SERVICES: The entire borough is serviced by public water and sewer facilities. A full-time police force serves the community. Fire protection is provided by paid & volunteer services.

RECREATION: Upper Merion Township is best known as the home of Valley Forge National Historical Park, commemorating George Washington’s encampment during the winter of 1777-1778 and the perseverance of the Revolutionary War soldiers. Other facilities include several local parks and ball fields as well as the Schuylkill River Boathouse. The township is also home to the Valley Forge Casino Resort and the King of Prussia Mall.

PUBLIC TRANSPORTATION: SEPTA bus and train lines connect the township to the Norristown Transportation center and to the entire region via downtown Philadelphia.

SHOPPING: Upper Merion Township is home to the King of Prussia Mall, one of the premier shopping destinations in the greater Philadelphia region.

Certified Commercial Investment Members

(CCIMs) exemplify the real estate industry's highest professional and ethical standards. Recognized for an expertise of commercial - investment real estate, CCIMs are second to none in relation to their knowledge of and service to their respective marketplaces throughout North America.

Real Estate Strategists

Certified Commercial Investment Members are well positioned within the total real estate spectrum. They're real estate strategists with years of specialized education and market experience with which to direct clientele through the complexities of the commercial - investment transaction. CCIMs are well versed in proven real estate methods and, through a preeminent curriculum, have achieved a mastery of one or more real estate disciplines, including:

- asset management
- brokerage
- consulting
- development
- financial analysis
- investment counseling
- leasing
- market and property analysis
- marketing
- negotiation
- property management
- sale-leasebacks
- site selection
- syndications
- tax-deferred exchanges
- taxation laws
- valuation

Certified Commercial Investment Members are an invaluable resource to the real estate investor and to the

commercial user. For the real estate investor, a CCIM will increase the probability of a

profitable investment portfolio--multi or single property--by evaluating investments against risks and objectives to ensure portfolios are performing properly and maximizing net worth. The real estate investor and the commercial user benefit from a CCIM's market and financial analysis abilities and negotiating acumen.

CCIM Network

The CCIM membership network mirrors the increasingly changing nature of the industry and includes brokers, leasing professionals, asset managers, investment counselors, commercial lenders, mortgage bankers, institutional investors, appraisers, developers, property managers, corporate real estate executives, accountants, attorneys, and financial planners--all part of an elite corps of commercial real estate and allied professionals responsive to the dictates of a rapidly changing market.

National, regional and local forums allow CCIMs to stay in touch with the pulse of the market across the country or across town, while marketing sessions afford the opportunity to present and market client properties through the CCIM network.

Certified Commercial Investment Members are in more marketplaces in North America--twelve CCIM regions representing 1,000 markets--than all major real estate companies combined. Through this membership network, CCIMs effectively direct local, national, and international cooperative transactions. In fact, CCIMs successfully

complete approximately 60,000 transactions annually, representing over \$27 billion.

"CCIMs -- a special cadre that have been superbly trained, completed a rigorous program and demonstrated competence on a formidable battery of examinations."

-Gaylon Greer, Ph.D.

The New Dow Jones-Irwin Guide to Real Estate Investing

The Making of a CCIM

The CCIM designation is conferred by the Commercial Investment Real Estate Institute, an affiliate of the National Association of REALTORS®. The 240 hours of graduate level curriculum leading to the CCIM designation represent the finest education available in real estate. Equally as rigorous are the post-curriculum transactions documentation and the comprehensive examination. This designation process ensures that CCIMs are proficient not only in theory, but also in practice.

CCIMs do not rest on their laurels. Through continuing education programs, Certified Commercial Investment Members are resourceful enough to explore, develop and apply new techniques still on the cutting edge of the industry.

Of the estimated 80,000 commercial real estate practitioners nationwide, only 4,200 hold the CCIM designation, which reflects not only the caliber of the program, but why it is one of the most coveted and respected designations in the industry.

Real Estate Excellence

CCIM methodology. CCIM expertise. The CCIM track record. All are components of the CCIM network of real estate excellence.
